## Who We are...?

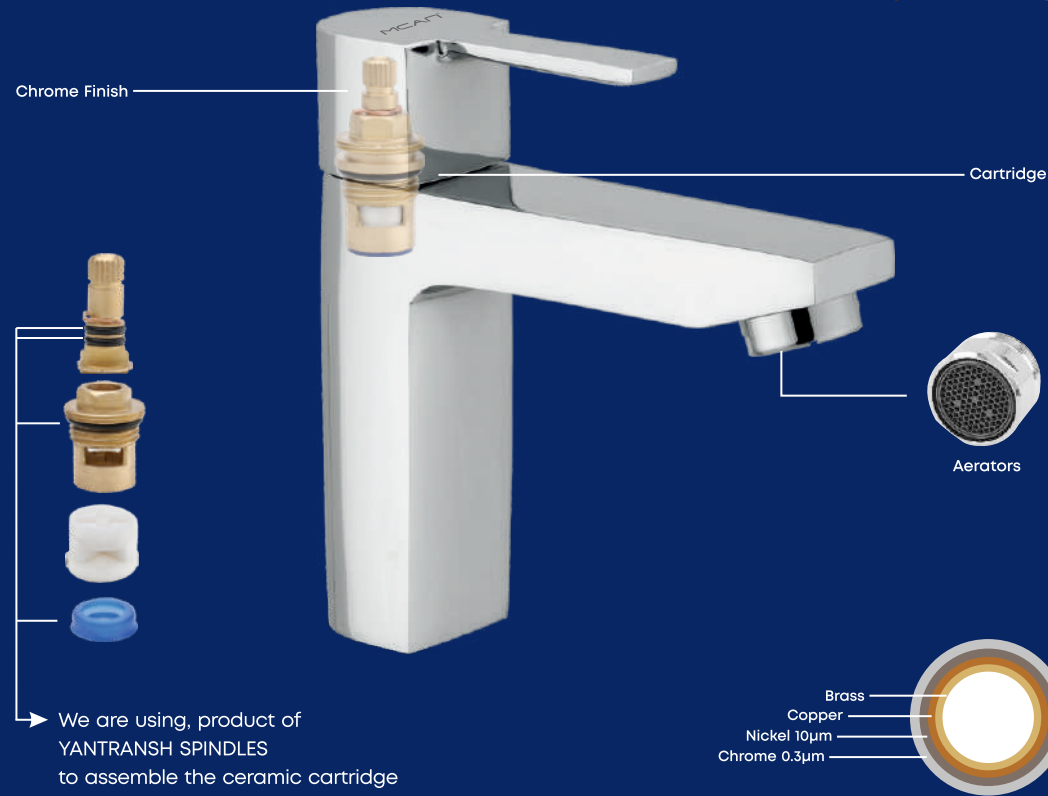

We are an enterprising international player in the Faucet industry since the year 2007. The vision of the company is to build long-term relationships with the clients across the globe by offering quality products & excellent after sales service to cater to their ever emerging needs & requirements. Designed on the principles of Aqua-dynamics – that is fusion of engineering with customer oriented designs – these Bathfittings, Bathwares and Accessories give excellent performance for years together and are offered under brand name of 'Mcan'. MCAN takes pride in its culture, traditions and values. MCAN is proud to display its Indianness through its products and it is this spirit that binds MCAN with the entire humanity around the globe. Just the way technology has revolutionized every aspect of bathroom fittings, we, at Mcan, have grown and established ourselves at changing the perspective of people using bathrooms. We focus on technology that promotes hygiene and cleanliness.

## Inspiring Faucet

Inspiration can come from anything and ours comes from everything around us. Every Mcan Faucet is an amalgamation of inspired thinking, stunning design and brilliant mechanics, created to perfection to suit the discerning taste of young India.

## Quality Standards

In the fast developing world of global trade and business our products meet international standards of quality standards for plumbing being used globally. The sequential quality control checks, performed by technically trained professionals, ensure excellent quality of end products. Stringent quality control inspection involving material tests, dimensional checks, hydraulic test, flow rate test, nickel & chrome adhesion test and life span test of spindle assembly – are some of the tests that ensure trustworthiness of our products.
